

# SPINE CONSULT CHECKLIST

## Consult Note-

**Body Part:** (LS,TS,CS)

**Symptoms:** (Symptom Description)

**Pain Level:** (1-10)

**Previous Conservative Treatment:** (What have they previously tried)

**Duration of Pain:** (How long has this been going on?)

**Date of MRI:** (When was it Taken)

**New imaging Needed:** (Yes, No)

**Life Impact:** (How is this pain affecting the pts life)

**Bringing someone to appt: (Who are you bringing)**

## Appointment Checklist:

- Please ensure we take the pts insurance for verification (Double check all info before putting it in the system)
- Double check all demographic information (Best Practice: have pt read info off insurance card when possible)
- When Scheduling: Give earliest available time/date and work backwards from there.. (Control the conversation)
- Make sure appt is listed under "second opinion" for billing purpose

## Patient Reminders:

- **Bring you images with you (Hand carry your disc)**
- Remember your Insurance card and Valid ID
- Can you bring someone to the appointment?
